Gainful Employment Information

The U.S. Department of Education requires institutions to report certain information about students who enrolled in Title IV eligible educational programs that lead to gainful employment in a recognized occupation. Those regulations also provide that institutions must disclose to prospective students, certain information about the institution's Gainful Employment (GE) Programs.

Fundamentals of Fabrication (Certificate) Program

General Information:

Length of Program: 600 Clock Hours - 25 Weeks (Days) 37.5 Weeks (Evenings)

CIP (Classification of Instructional Program Code): 48.0511 (Metal Fabricator)

Definition: A program that prepares individuals to apply technical knowledge and skills to further process ferrous and/or non-ferrous metal plates or shapes, and to manufacture and/or install products as interpreted through technical drawings. Includes instruction in trade tools, shop equipment, reading and interpreting blueprints, material handling, welding, thermal cutting, metallurgy, template pattern development, plate and structural fabrication, destructive and non-destructive testing, inspection, shipment preparation and fabrication installation.

CIP (Classification of Instructional Program) Code: 48.0508 (Welding Technology / Welder)

Definition: A program that prepares individuals to apply technical knowledge and skills to join or cut metal surfaces. Includes instruction in arc welding, resistance welding, brazing and soldering, cutting, high-energy beam welding and cutting, solid state welding, ferrous and non-ferrous materials, oxidation-reduction reactions, welding metallurgy, welding processes and heat treating, structural design, safety, and applicable codes and standards.

SOC (Standard Occupational Classification) Code: 51-4121, 51-4122, 51-2041, 51-2099, 51-4199

Description: Structural Metal Fabrication & Fitters, Welders, Cutters, Solderers & Brazers, Metal Workers, Assemblers & Fabricators
