"Yellow Ribbon" Program

As a "Non-College Degree" (NCD) school, The Fab School is unfortunately not eligible to participate in the Yellow Ribbon Scholarship Program.

Acceptance of Credit for Prior Education or Experience

Due to Veterans' Administration ("VA") regulations, The Fab School is required to evaluate all possible transfer credit/clock hours for application towards a program of enrollment. Therefore, it is necessary to obtain and review any transcripts for possible credit of clock hours towards a postsecondary course or courses at The Fab School when comparable scope and content can be determined.

The Fab School will assist you in obtaining any such transcripts, but the ultimate responsibility is yours (the Veteran) to obtain any such transcript.

At the discretion of The Fab School, the school may accept the transfer of credit for a postsecondary course or courses when comparable scope and content can be determined. The credits earned at The Fab School are not college-level; therefore, will not automatically transfer to other institutions. Our courses are unique and specific to this school's vocational program, thus any welding courses or fabrication courses enrolled in at other institutions will be evaluated as to transferability. However, as it has been often found in the past, while such training is helpful to the student, the academic and skill-set learning rarely meets the standards of performances required of the student during the training program at The Fab School. However, any such comparable training/course with a grade of "C" (2.0) or better will be considered. No more than 75% of the credits required for a non-degree (Certificate) program will be considered for transfer eligibility.

The School's established criteria for considering transfer credit is a systematic process of comparability, scope, and depth of learning application, the grade earned, and/or institutional accreditation status. Any transfer credits will be counted as both attempted and earned credits, if applicable.

If credit for prior experiential learning is to be granted, the experiential learning must meet the following criteria:

- (1) (A) The prior learning is equivalent to a college or university level of learning;
(B) The learning experience demonstrates a balance between theory and practice and;
(C) The credit considered/awarded for the prior learning experience directly relates to the student's program and is applied in satisfaction of some of the program requirements.
- (2) Each college or university level learning experience for which credit is sought shall be documented by the student in writing.
- (3) Each college or university level learning experience shall be evaluated by faculty qualified in that specific subject area who shall ascertain (1) to what college or university level learning the student's prior experience is equivalent to in our program and (2) how many credits toward a Certificate of Completion may be granted for that experience.
- (4) The faculty evaluating the prior learning shall prepare a written report indicating all of the following:
 - (A) The documents in the student's record on which the faculty member relied in determining the nature of the student's prior experience;
 - (B) The bases for determining that the prior experience (i) is equivalent to the school's level of required learning and (ii) demonstrates a balance between theory and practice; and

- (C) The bases for determining (i) to what level of the school's training the experience is equivalent to and (ii) the proper number of credits to be awarded toward the prospective program for that experience.
- (5) The amount of credit awarded for prior experiential learning shall not be related to the amount charged the student for the assessment process.

Transferability of Credit

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at The Fab School is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the Certificate you earn in the Fundamentals of Fabrication program is also at the complete discretion of the institution to which you may seek to transfer. If the clock hours or the Certificate that you earn at this institution are not accepted at the Institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that Institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending The Fab School to determine if your clock hours or Certificate will transfer. An institution's accreditation does not guarantee that credits earned at that school or institution would be accepted for transfer by any other institution.

Rounding Out

A VA student can round out a schedule with non-required courses to bring his/her course load up to a full-time schedule in his/her certified term only. This allows students to continue to receive benefits at the full-time rate in their term of enrollment, even though fewer clock hours are required to complete the program. This procedure can be done only once per program of enrollment.

In rounding out a full-time schedule, VA students may use any clock hour subject, including a subject that has previously been successfully completed (received a passing grade).

EXAMPLE: A claimant needs to complete 60 credit hours to obtain a B. A. degree. After passing 57 credit hours, the claimant enrolls in four 3-credit-hour courses. VA may pay the veteran educational assistance for full-time training during this specific term.

ATTENDANCE POLICY

The law requires that educational assistance benefits to Veterans be discontinued when the student ceases to make satisfactory attendance / academic progress (SAP) toward completion of his or her training objective.

Title 38, Chapter 1, Part 21, Subpart D, Sub Section 21.4277:

"If the veteran person does not maintain satisfactory progress, educational benefits will be discontinued by the Department of Veterans' Affairs. Progress is unsatisfactory if the Veteran does not satisfactorily progress according to the prescribed standards and practices of the institution he or she is attending."

The law requires that educational assistance benefits to Veterans and other eligible persons be discontinued when the student ceases to make satisfactory academic and/or attendance progress, to include violations of conduct toward completion of his or her training objective.

The Fab School adheres to a strict attendance policy to ensure that all students maintain satisfactory attendance progress towards graduation. Failure by any student to maintain satisfactory attendance progress may ultimately result in suspension or termination. The Fab School's Satisfactory Attendance Progress Policy applies to all The Fab School students, regardless of whether they are receiving Federal Title IV funds or not.

All Veteran students who are also participating in any Title IV Financial Aid program(s), please refer to The Fab School's Catalog for additional policies concerning satisfactory and unsatisfactory attendance performances and evaluations.

Attendance Policy

It is important that The Fab School maintains a clock hour record of attendance for each Veteran student. Completion of all required 728 clock hours of attendance is a mandatory part of graduation requirements. Failure to meet the required 728 clock hours of training at the 100% completion benchmark, will result in denial of graduation eligibility status. Students are expected to be **ON-TIME** to class every day/evening and complete the required work (academic and workshop/lab) to the best of their ability. Students cannot develop job skills when they are not in attendance. At the 100% clock hours benchmark, Veteran students, like all other enrolled students, must be maintaining an attendance (clock hours) rate of 100% (actual hours of attendance plus all excused absence and make-up clock hours, divided by the scheduled hours of

attendance) of the required 728 clock hours benchmark. ***(Please refer to The Fab School Catalog for additional information concerning The Fab School's Attendance Policy.)***

Attendance Review Policy

Each Veteran student's clock hours of attendance are monitored weekly throughout their period of enrollment. At the 25% and 75% incremental benchmarks of the program, a Veteran student's attendance shall be administratively reviewed. If a Veteran student's attendance has dropped below the minimum standard at the 25% and 75% incremental benchmarks of their program of enrollment, the Veteran student will be called in to meet with a student service advisor to discuss causes, resulting impact, and possible solution to any attendance problem. Any Veteran student failing to maintain a Satisfactory Attendance status, the Veteran student shall be placed on Attendance Review Status at that time. The length of the Attendance Review Status shall remain in effect until the next Attendance Satisfactory Progress evaluation (50% benchmark). ***(Please refer to The Fab School Catalog for additional information concerning The Fab School's Attendance Review Policy.)***

Continued failure by the Veteran student to meet any of The Fab School's Attendance/Academic Satisfactory Progress standards will result in further disciplinary action to include the loss of your Veteran Educational Benefits (to include Tuition, Housing, Books and Supplies Stipend) at the next progress measurement benchmark.

Satisfactory Attendance Progress Policy (50% Progress Benchmark)

If a Veteran student's attendance drops below the minimum Satisfactory Attendance standard at the 50% benchmark when the Satisfactory Attendance Progress (SAP) evaluation is completed, he/she will be placed on "Unsatisfactory Attendance Progress Probation" and will meet with a Student Services staff member to discuss the issues which may be giving cause to their less than acceptable clock hours of attendance and the respective impact it can have upon their eligibility for graduation. If the Veteran student fails to maintain compliance with the plan of action, further disciplinary action will be imposed to include possible termination from their program of enrollment. The length of the Academic Review Status shall remain in effect until the next Satisfactory Progress evaluation (100% benchmark). ***(Please refer to The Fab School Catalog for additional information concerning The Fab School's Satisfactory Attendance Progress Policy.)***

When a Veteran student has failed to maintain the prescribed standards of progress by The Fab School, the VA will be notified and any benefit payments will be discontinued (to include Tuition, Housing, Books and Supplies Stipend) in accordance with the law. When a Veteran student's benefits have been discontinued, the Veteran student has three (3) days to appeal the action to the Executive Director in writing. If the appeal is upheld, VA benefits will be reinstated. If the Veteran student fails to appeal the action, or the appeal is denied, the Veteran student's VA benefits will remain discontinued.

Satisfactory Attendance Progress Policy (100% Progress Benchmark)

When the 100% benchmark of the SAP evaluation is completed, if the Veteran student has then failed to achieve a required standard of 100% attendance in clock hours, the student will be placed on "Unsatisfactory Attendance Progress Probation" and meet with a Student Services staff member where a Corrective Plan of Action will be established, approved by both Student Services and the student. If the Veteran student fails to maintain compliance with the plan of action, further disciplinary action will be imposed to include possible termination from their program of enrollment. A terminated Veteran student has the right to appeal within 7 calendar days of termination. If a current/former student wishes to appeal a decision made by The Fab School, an appeal must be made in writing to the Director of Education. ***(Please refer to The Fab School Catalog for additional information concerning The Fab School's Satisfactory Attendance Progress Policy.)***

When a Veteran student has failed to maintain the prescribed standards of progress by The Fab School, the VA will be notified and any benefit payments will be discontinued (to include Tuition, Housing, Books and Supplies Stipend) in accordance with the law. When a Veteran student's benefits have been discontinued, the Veteran student has three (3) days to appeal the action to the Executive Director in writing. If the appeal is upheld, VA benefits will be reinstated. If the Veteran student fails to appeal the action, or the appeal is denied, the Veteran student's VA benefits will remain discontinued.

Veteran students, please refer to The Fab School Catalog for additional information and/or conditions concerning The Fab School's Satisfactory Attendance Progress Policy when participation in Title IV Financial Aid programs are involved.

"Withdrawn" from Modules

A veteran student who withdraws from The Fab School or is terminated by The Fab School will be considered as having been withdrawn from their current module of training, and, upon return, will be required to repeat any such identified module. A status change will be communicated to the Veterans' Administration. The student will also be responsible for any charges for training materials used to repeat said module. ***(Please refer to The Fab School Catalog for additional information concerning The Fab School's Withdrawn from Modules Policy.)***

If the Veteran student submits a copy of Military Orders which require him/her to go Active Duty for a period of time amounting to greater than 180 days (exceeding an allowable time limit by the Department of Education), the Veteran student will be considered as having withdrawn from their enrollment. The Veterans' Administration will be so notified. Should the Veteran student elect to return from their Active Duty Service, training will resume at the point of their departure and no additional charges will have been charged during their time away from their enrollment at The Fab School.

Make-up Hours / Course Work Policy & Procedure

All time missed from attending the class must be made up. All required make-up time will take place in the shop area only. Prior to making up anytime, the Make-up Time Sheet must be obtained from the Administrative Assistant, located at the front desk or the instructor. The form is to be completed by the student as noted. The form is to be submitted to the instructor for review and approval once the make-up clock hours are completed. Any required make-up clock hours necessary to meet graduation requirements that exceed beyond that of the originally scheduled enrollment of 728 clock hours of the program, at the discretion of the school, the student will be personally responsible for all financial costs for the period of make-up time. The cost will be based upon the agreed to timeframe required for instructional supervision/participation, at an established rate of \$42.50 per hour, and paid in advance. All make-up time must be completed prior to consideration for eligibility to graduate.

It is critical that each Veteran student consistently attends all scheduled 728 clock hours of their program, first and foremost in order to be eligible for graduation. In addition, maintaining their rate of attendance and academic work is also an important part of meeting graduation requirements. Students are requested to make every attempt to contact the School in the event they will arrive late, depart early, or not be in attendance for any scheduled school day/evening, just as they would a place of employment. Like many employers, The Fab School will determine the classification of all absences, be it excused or not excused. A combination of actual attendance, excused absence(s) (not to exceed 10% of each scheduled clock hours per payment period) and non-excused absent time(s) that were made-up will be given full standing and credit with respect to the evaluation of the student's maintaining of Satisfactory Progress and meeting the required 728 clock hours of scheduled attendance for graduation.

Maximum Time Frame for Course Completion

A Veteran student must satisfactorily complete his/her program of training within a maximum time frame, defined as one and one-half times the regularly scheduled program length. If the Veteran student does not complete his/her program of study within the maximum time frame, the Veteran student will be dropped from their training program, and a status change will be communicated to the Veterans' Administration. The Veteran's Administration will also be notified. ***(Please refer to The Fab School Catalog for specific information concerning the maximum allowed number of weeks/clock hours available to complete the program of enrollment.)***

Leave of Absence

A "Leave of Absence" (LOA) is considered for school enrollment as a temporary interruption in a Veteran student's program of study, with the reasonable expectation that the Veteran student will return. HOWEVER, for the Veteran student, an LOA also represents a termination of Educational Benefits until such time as the Veteran student returns to the school as an active student. The Fab School is required to notify the Veterans' Administration of a status change involving a Veteran student taking an LOA, in order that the Educational Benefits being paid are terminated. When the Veteran student returns to class, The Fab School will re-certify the Veteran student for the remaining class time and any Educational Benefits scheduled for payment will resume.

(Please refer to The Fab School's Catalog for all additional conditions and procedures involved in a student applying for and receiving a school approval or denial of a LOA.)

ACADEMICS POLICY

The law requires that educational assistance benefits to Veterans be discontinued when the student ceases to make satisfactory progress toward completion of his or her training objective.

Title 38, Chapter 1, Part 21, Subpart D, Sub Section 21.4277:

If the veteran person does not maintain satisfactory progress, educational benefits will be discontinued by the Department of Veterans' Affairs. Progress is unsatisfactory if the Veteran does not satisfactorily progress according to the prescribed standards and practices of the institution he or she is attending.

The law requires that educational assistance benefits to Veterans and other eligible persons be discontinued when the student ceases to make satisfactory academic and/or attendance progress, to include violations of conduct toward completion of his or her training objective.

The Fab School adheres to a strict satisfactory academic progress policy to ensure that all students maintain academic progress and success. Failure by any student, Veteran or otherwise, to maintain satisfactory academic progress may ultimately result in suspension or termination. The Fab School's Satisfactory Academic Progress Policy applies to all The Fab School students, regardless of whether they are Veterans, private paying or receiving Federal Title IV funds.

(For all Veteran students who are also participating in any Title IV Financial Aid program(s), please refer to The Fab School's Catalog for additional policies concerning satisfactory and Unsatisfactory academic performances and evaluations.)

Academic Review Policy

At the 25% and 75% incremental benchmarks of the program, a Veteran student's academic achievement and attendance shall be reviewed. Like that of the Attendance Review Policy, any Veteran student failing to maintain a minimum cumulative academic Grade Point Average of 70%, "C" or better shall be placed on Unsatisfactory Academic Review Status.

Veteran students on Unsatisfactory Academic Review Status will be closely monitored and an action plan may be instituted to assist the Veteran student in obtaining and achieving minimum academic requirements towards graduation. The length of the Academic Review Status shall remain in effect until the next Satisfactory Progress evaluation (50% benchmark).

Continued failure by the Veteran student to meet The Fab School's Academic Satisfactory Progress standard of a cumulative academic Grade Point Average of 70%, "C" or better will result in further disciplinary action to include the loss of your Veteran Benefits (to include Tuition, Housing, Books and Supplies Stipend) at the next progress measurement benchmark.

Satisfactory Academic Progress Policy

For a Veteran student to be considered making Satisfactory Academic Progress (SAP) at the 50% benchmark of their enrollment period, the Veteran student must maintain a minimum cumulative academic Grade Point Average of 70%, "C" or better, or have their VA benefits discontinued.

If at the 50% completion benchmark that Satisfactory Academic Progress (SAP) measurement, it is determined that the Veteran student is not achieving the minimum standard of academic performance, the Veteran student, shall be placed on Unsatisfactory Academic Warning Status. As a result of this status being imposed, the student will meet with Student Services to discuss the issues which may be giving cause to their less than acceptable academic performance and the respective impact it can have upon their eligibility for graduation. A Corrective Plan of Action will be established, approved by both Student Services. If the Veteran student fails to maintain compliance with the plan of action, further disciplinary action will be imposed to include possible termination from their program of enrollment and/or loss of Educational Benefits. The length of the Unsatisfactory Academic Warning Status shall remain in effect until the next Satisfactory Progress evaluation (100% benchmark) is measured.

When a Veteran student has failed to maintain the prescribed standards of progress by The Fab School, the VA will be notified and any benefit payments will be discontinued (to include Tuition, Housing, Books and Supplies Stipend) in accordance with the law. When a Veteran student's benefits have been discontinued, the Veteran student has three (3) days to appeal the action to the Executive Director in writing. If the appeal is upheld, VA benefits will be reinstated. If the Veteran student fails to appeal the action, or the appeal is denied, the Veteran student's VA benefits will remain discontinued.

(Please refer to The Fab School Catalog for additional information and/or conditions concerning The Fab School's Satisfactory Academic Progress Policy at the 50% Benchmark.)

If at the time of the next payment period's Satisfactory Academic Progress (SAP) evaluation is measured (100% completion benchmark), it is determined that the Veteran student is still not achieving the minimum standard of academic performance required by way of a cumulative Grade Point Average, he/she shall be placed on Unsatisfactory Academic Probation Status. As a result of this status being imposed, the student will meet with Student Services to discuss the issues which may be giving cause to their unsatisfactory academic performance and the respective impact it now has upon their eligibility for graduation. At the discretion of the school, a Corrective Plan of Action will be established, approved by both Student Services and the student or the Veteran student's enrollment will be terminated. If a Corrective Plan of Action has been agreed to, and the Veteran student fails to maintain compliance with the plan of action, the Veteran student will be immediately terminated from their program of enrollment. The student has three (3) days to appeal the action to the Executive Director in writing. If the appeal is upheld, the Veteran student's program of enrollment will continue under specific conditions to be determined at that time. If the student fails to appeal the action, or the appeal is denied, the Veteran student's enrollment termination will remain in effect. Failure of the student to improve their academic status during this or any additional imposed period will result in termination. ***(Please refer to The Fab School Catalog***

for additional information and/or conditions concerning The Fab School's Satisfactory Academic Progress Policy at the 100% Benchmark.)

When a Veteran student has failed to maintain the prescribed standards of progress by The Fab School, the VA will be notified and any benefit payments will be discontinued (to include Tuition, Housing, Books and Supplies Stipend) in accordance with the law. When a Veteran student's benefits have been discontinued, the Veteran student has three (3) days to appeal the action to the Executive Director in writing. If the appeal is upheld, VA benefits will be reinstated. If the Veteran student fails to appeal the action, or the appeal is denied, the Veteran student's VA benefits will remain discontinued.

"Withdrawn" from Modules

A Veteran student who withdraws from The Fab School or terminated by The Fab School will be considered as having been withdrawn from their current module of training, and, upon return, will be required to repeat any such identified module. A status change will be communicated to the Veterans' Administration. The student will also be responsible for any charges for training materials used to repeat said module. ***(Please refer to The Fab School Catalog for additional information concerning The Fab School's Withdrawn from Modules Policy.)***

If the Veteran student submits a copy of Military Orders which require him/her to go Active Duty for a period of time amounting to greater than 180 days (exceeding an allowable time limit by the Department of Education), the Veteran student will be considered as having withdrawn from their enrollment. The Veterans' Administration will be so notified. Should the Veteran student elect to return from their Active Duty Service, training will resume at the point of their departure and no additional charges will have been charged during their time away from their enrollment at The Fab School.

A Repeat of Failed Academic Subjects / Modules

Veteran students will be required to repeat any incomplete subject coursework, lab work or failed modules. As such, the student will be responsible for any charges for training materials used to repeat such subjects/modules. A status change will be communicated to the Veterans' Administration. ***(Please refer to The Fab School Catalog for specific information concerning The Fab School's Repeat of Failed Academic Subject / Modules Policy.)***

Make-up Incomplete Subjects

It is important that each Veteran student understands the importance of successfully completing all academic and/or lab coursework as it is a critical part of meeting graduation eligibility requirements. A Veteran student will be given an opportunity, at the discretion of the instructor and/or Director of Education, and subject to the availability of space, to make up incomplete coursework. A status change will be communicated to the Veterans' Administration. ***(Please refer to The Fab School Catalog for specific information concerning The Fab School's Make-up of Incomplete Subjects Policy.)***

A Veteran student may appeal the determination of Unsatisfactory Academic Progress and/or their dismissal, based upon extenuating circumstances by following the Student Appeals Procedure outlined in The Fab School's Catalog.

SCHOOL POLICIES AND REGULATIONS

The law requires that educational assistance benefits to Veterans and other eligible persons be discontinued when the student ceases to make satisfactory academic and/or attendance progress, to include violations of conduct toward completion of his or her training objective.

Student Behavior/Conduct

The Fab School has created a professional "work- like" shop environment in which all students can increase their knowledge and develop employment skills according to their professional expectations. Consequently, all students will be expected to extend their best efforts to work harmoniously and conscientiously with their classmates, instructors, and the school administrators. All students must adhere to high standards of scholarship and conduct.

In the event where Veteran students or any student discredits themselves through their behavior, conduct, or coursework or discredit The Fab School, they will be subject to disciplinary action(s) up to and including dismissal. In addition, The Fab School is required to notify the Veterans' Administration of a status change involving a Veteran's failure to abide by the school's Behavior and Conduct Policy, which in turn will cause the Veteran student's Educational Benefits being discontinued.

Suspension and Dismissal

The Fab School reserves the right, in the exercise of their administrative judgment and presence of evidence, and in order to facilitate the continued eligibility of a Veteran student for graduation, to suspend, place on probation, or dismiss a Veteran student based upon any school policy. This shall include, but not limited to, attendance, academics, and/or appropriate student behavior/conduct as noted in The Fab School Catalog. The Veterans Administration will also be notified of the disciplinary action which will result in the student's educational benefits being discontinued. Any Veteran student who has been suspended or dismissed may appeal the action by following the Student Appeal Procedures outlined in The Fab School's Catalog.

Veteran Student "Cancellation of Enrollment" Policy

The "Cancellation of Enrollment" of a Veteran student is defined as follows.

- The Fab School reserves the right to "Cancel" the enrollment of a Veteran student based upon any failed attendance and/or academic performance, for a specified period of time as determined by the school;
- The Veterans' Administration will be notified of any such action;
- Any coursework completed and/or attendance will be deleted from the Veteran's school record;
- The Veteran student will not be subject to any tuition charges by The Fab School;
- Any books and/or equipment provided to the Veteran student are to be returned to the school according to the school's "Cancellation Policy";
- The Fab School will return to the Veterans' Administration any tuition payment(s) made to the school on behalf of the Veteran;
- Due to the various educational benefits a Veteran may be eligible for, to include "Housing Allowance", the Veteran's Administration may determine a debt is owed, and the former Veteran student would then receive a "Debt Letter" for an amount determined by the Veteran's Administration, to be repaid.

Veteran Student "Termination of Enrollment" Policy

The "Termination of Enrollment" of a Veteran student is defined as follows.

- The Fab School determines that the Veteran student has violated any number of "Performance Requirements", to include but not limited to attendance, academics, or behavior;
- The Veterans' Administration will be notified of any such action;
- The Fab School will determine the amount of earned tuition, apply it against all tuition payments made to the school on behalf of the Veteran student, and refund any unearned tuition balance to the Veteran student unless otherwise directed by the Veterans' Administration;
- The Veteran student will be credited with all coursework and attendance completed through their last day of attendance and maintained in the Veteran student's file;
- Due to the various educational benefits a Veteran may be eligible for, to include "Housing Allowance", the Veteran's Administration will determine a debt is owed, and the former Veteran student would then receive a "Debt Letter" for an amount determined by the Veterans' Administration, to be repaid.

Institutional Return of Tuition Assistance (TA) Funds Policy

Military Tuition Assistance (TA) is awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of TA funds originally awarded.

To comply with the new Department of Defense policy, The Fab School will return any unearned TA funds on a hourly prorated basis through at least the 60% portion (437 clock hours) of the period (728 clock hours) for which the funds were provided. TA funds are earned proportionally during an enrollment period, with unearned funds returned based upon when a student stops attending. These funds are returned to the military Service branch.

Instances when a Service member stops attending due to a military service obligation, The Fab School will work with the affected Service member to identify solutions that will not result in student debt for the returned portion. The Fab School has a policy that returns any unearned tuition assistance (TA) funds on a proportional basis through at least the 60 percent portion of the period for which the funds were provided to the military Service Branch.

Schedule for Returning Unearned TA Funds to the Government

Fundamentals of Fabrication - 728 Clock Hour Program Digital Design and Manufacturing – 728 Clock Hour Program
